Subject: Allied clean-up crew

J. L. Vick, #22603, is not to be admitted to this Pavilion beginning immediately. Mr. Jim Donahue, of Allied, has been advised of this by telephone today, and promised that Mr. Vick would not be assigned to this Pavilion. If there should be confusion and Mr. Vick shows up tonight or any other night, he is to be denied admittance to the building, and his supervisor is to be notified. If there are any questions concerning this I am to be called at home: MO 3-5697.

For your information, J. L. Vick was at one time part of our regular clean-up crew and was fired for sleeping on the job and was once even caught playing chess in the library. The Pavilion management does not want him in the building at any time.
