Dear General Potter:

I will be in New York the week of January 22 and one of the major reasons for my coming is to visit the Fairgrounds and discuss with you the possibilities of Illinois' participation in the World's Fair. I think we would be safe in setting up Tuesday, January 23, as the date to get together and I would be delighted to have lunch with you.

I look forward to seeing you then.

Sincerely,

Victor de Grazia
